Hall Report

No meeting held for February 2010. John Lampon Hall

Councillors present

Apologies

1 Cleaning of Hall

Mikes Cleaning Company has tendered to clean the Halls. A reference has been received. The Hall committee recommends accepting and if Council agrees we will approach the company for time scale to start.

4 Orpen Hall Curtain and Wiring

Cheque has been received by the Players for the black curtains. The Orpen players have asked for the main curtains to also be replaced. Orpen Players have suggested that the stage wiring needs testing and maybe replaced. Testing was done in August and is done annually. No known problems, but it has aged wiring. The Orpen Players has asked for a meeting between Hall Committee and Orpen Players Committee. This is to be arranged.

5 Kitchen

Andrew still waiting reports. New cooker has been installed in kitchen. It has a three-year guarantee on a replacement system.

6 Glass Panel

Is cracked in The John Lampon Hall. To be kept under observation until better weather, when it can be easily replaced. *Continues.*

7 Valley on Orpen Hall Roof

Bob Tyrrell has approached a company and negotiated a price to oversee the project.

Date of next meeting to be arranged
