## Premises & Recreation Report

No meeting held on Thursday 8th September 2011 due to wrong date published

Councillors

Bernard Colbron, Jenny Church, Graham Pullen, Harry Stone  
Liz Harrington and Sue Day.

### 1 MUGA

The Sports Area is progressing under the Hall Sub Committee. A representative from Does, who built the area, inspected the courts. It needs to be pressure washed and the weeds sprayed. If we have the white lines re done at a cost of £600 it will be three to four years before the surface will have to be re-laid. More members have joined; the casual use has increased bringing in revenue. The cost for the lines would come out of the Games Area monies.

### 2 Wall

The entrance wall has been replaced plus one brick for the exit pier. Invoice passed onto Green King insurers.

### 4 Hall Chairs

There has been another complaint about the condition of some of the chairs. Bernard Colbron will check them out during the summer holidays.

### 5 John Lampon Hall Sound Improvement

The contractor visited the Hall again and told us that there would be a need for a minimum of twelve close fitting panels on the ceiling. He suggested that if that was unsuccessful another eight could be fitted. If they get the contract they would bring along enough panels to do the whole ceiling.

### 6 Communication

Liz Harrington has assumed the running of the Communications committee. Liz has circulated ideas to the Premises committee for discussion. A meeting to be arranged.

### 7 Kitchen

Awaiting advice from Andrew Savage with details of costs for the repairs.

### 8

New locks on have been fitted to the meeting room door and the cleaner's cupboard. The cleaner's cupboard lock has had to be removed due to product damage and another lock fitted.

Next meeting Thursday, 13th October 2011
